Petition for Late Drop or Change in P/NP Grading
Biology Academic Success Center – 1023 Sciences Laboratory Building – (530) 752-0410

PLEASE READ ALL INFORMATION PROVIDED ON THIS FORM BEFORE SUBMITTING PETITION

The criteria contained in this petition are representative of requirements pertaining to the UCD Academic Senate Regulations, and can be found in the UCD General Catalog.

To drop or change the grading mode of a course after the deadline you must have extenuating circumstances beyond your control and receive approval from the Biology Academic Success Center. A $3.00 fee applies to late drops. You must fully document these circumstances.

Extenuating circumstances that may qualify for either a late drop or late P/NP grade option and the documentation required:

| Large and necessary increase in work hours | 1. Explanation of why the increase was necessary.  
| | 2. Letter from employer (on company’s letterhead) stating the number of hours before and after the increase and the date the increase started. |
| Medical/illness/accident | A letter from a physician (on their letterhead) or Student Health and Wellness Center including the affected dates and description of how the condition was significant enough to warrant a modification of course load. |
| Serious personal problems | A letter from a physician or mental health professional (on their letterhead), documentation from Counseling and Psychological Services, and/or other agency showing date(s) of emergency. |
| Death in immediate family | Appropriate documentation is required. |

- Unawareness of the deadline to drop course or change grading
- Unavailability of graded work or mid-term results

Petition must be submitted immediately (within 7 calendar days) following the unforeseen event:

- Late drop petitions submitted after the eighth week of the quarter are subject to heightened scrutiny
- Late action petitions submitted after the eighth week of the quarter that are absent of recent extenuating circumstances will be denied
